This blog provides a regular comment on matters of concern to readers. It is often described as 'lively' 'enjoyable' and 'interesting'. The Tap is run by software professionals who don't invoice their work, but who have ordinary jobs and like everyone else, need some income from time to time. If you are enjoying the Tap, you might bear this in mind and send us a little thank you occasionally. It would be greatly appreciated.

### A Government Unto Itself (WFB 102)

The War for Bankocracy – Episode 2 – History lessons – A web of secret ownership

The vid starts with a lot of detail about how the current money system works

At 17 minutes he explains how Central Banks replaced standing armies as the primary power in the land

At 23 minutes he explains how Central Banks have been swindling nations since 1694

[when the Bank of England was created]

At 30 minutes he explains how the Federal Reserve replicated key elements of the swindle machine

At 35 minutes he explains how the US Constitution is kryptonite for Central Bankers

At 41 minutes he explains how there are two kings in the US kingdom, the Constitution and the Fed

At one point he says something like:

“people don't mind being swindled as long as they think that the ones doing the swindling are superior to themselves”

Unlike the US Fed, the European Central Bank [ECB] IS independent of government, IT governs nations

All this is foundational knowledge in what is proving to be a fascinating series

Fascinating if you want to know how the world really works that is

We are told the speed of light cannot be exceeded. What if that is wrong? What if Einstein was wrong and the theory of General Relativity is incorrect? Could that open up a whole new world of possibilities? In May 2025 **The Alternative View** returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.

In May 2025 The Alternative View returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.

Roger Anderton is from the John Chappell Natural Philosophy Society – a group that was formed on the idea that Einstein's relativity is wrong (especially special relativity is wrong). In relativity there are many paradoxes (such as twin paradox) which are really contradictions; thus the believers in relativity are talking nonsense. In trying to get this information out to the general public we have found our voice has been mostly blocked.

For first time in UK we are presenting publicly the film Einstein Wrong by David de Hilster which has been prevented from being shown at film festivals. Physics has been corrupted by relativity nonsense.

Event hosted by Gary Fraughen.
